Percentage of Unplanned Re-attendances			Total time spent in A&E department		
 <p>% of Unplanned Re-attendances</p> <p>Rate</p> <p>10% 5% 0%</p> <p>Feb-17 Mar-17 Apr-17 May-17 Jun-17 Jul-17 Aug-17 Sep-17 Oct-17 Nov-17 Dec-17 Jan-18</p> <p>— % of Unplanned Re-attendances — 95th Percentile over last 25 months of available data — Standard — % of Unplanned Re-attendances (NHS England)</p>	Description of Data The unplanned re attendance rate for January 2018 was 0.23%; the highest we have reported in the last 25 months was 0.44% for March 2017. The rate for this month remains within the 5% standard. The benchmarking is extracted from the A&E HES Data		 <p>Admitted & Non Admitted-Longest Time Recorded</p> <p>Rate</p> <p>23:45 21:21 18:57 16:33 14:09 12:45 11:45 09:21 06:57 04:33 02:09</p> <p>Feb-17 Mar-17 Apr-17 May-17 Jun-17 Jul-17 Aug-17 Sep-17 Oct-17 Nov-17 Dec-17 Jan-18</p> <p>— Admitted & Non Admitted, Longest Time Recorded — 95th Percentile over last 25 Months of available data — Standard</p>	Description of Data The longest time recorded in A&E for all patients for January 2018 was 21:31 Hours, the highest we have reported in the last 25 months was 22:26 Hours for December 2016. The longest time recorded was below the standard of 04:00 Hours. The longest wait Benchmarking is particularly sensitive to poor data quality and definitional issues, which is why some unusually high values may be observed, therefore no benchmarking has been used.	
The unplanned re-attendance rate for January 2018 was 0.23% An increase of 0.03% compared with December 2017. The Trust remains consistently within the 5% standard.	0.23%	Rate This Month	In January the longest time recorded in A&E was 21.31 hours. This was a patient presenting by 999 ambulance with injury and impacting co-morbidities that required stabilization and multiple intervention. The patient deteriorated whilst in the department and required further multiple investigations including x-ray and CT Scans. The patient was referred to Speciality and accepted for admission. The Trust Bed Status was on RED alert and there was some delay in bed provision. The patients was transferred from a trolley onto a hospital bed and nursed in A&E until admission..
