- 3b After making enquiries the Directors of the Licensee have a reasonable expectation, subject to what is explained below, that the Licensee will have the Required Resources available to it after taking into account in particular (but without limitation) any distribution which might reasonably be expected to be declared or paid for the period of 12 months referred to in this certificate. #### Statement of main factors taken into account in making the above declaration

In making the above declaration, the main factors which have been taken into account by the Board of Directors are as follows:

• Continuing support from local commissioners – the trust currently has a contract in place to 31st March 2020. • The Trust ended the year with c£19m cash in the bank • Within the proposals for the local ICS the Trust is expecting to become the second major emergency centre in South Yorkshire and Bassetlaw with inward investment to support the additional services once final decisions are made e.g. The Trust (along with Sheffield Teaching Hospital and Mid Yorkshire Hospital) will provide HASU facilities for stroke patients in SYB. With HASU from Rotherham and Barnsley being closed from 1 July and 1 October 2019 respectively. The Trust is in discussions with CCG's to repatriate work to its sites. • Whilst no formal undertaking has been received from NHSI to continue to provide additional liquidity on an ongoing basis all planning assumptions that the trust operates under imply this will be forthcoming. • The trust has delivered a surplus in 2018/19 and plans to achieve its control total for 2019/20. There are no licence conditions in place on the Trust from its regulatory body.

Signed on behalf of the board of directors, and, in the case of Foundation Trusts, having regard to the views of the governors
