

# World Patient Safety Day

Doncaster and Bassetlaw  
Teaching Hospitals  
NHS Foundation Trust

In **Learning Rooms 1 & 2**  
**Education Centre, DRI.**

**Patient safety is the avoidance of unintended or unexpected harm to people during the provision of health care.** We support providers to minimise patient safety incidents and drive improvements in safety and quality. Patients should be treated in a safe environment and protected from avoidable harm.

To mark the first world patient safety day, we would like to invite each inpatient area to attend a morning of key issues affecting patient safety at DBTH.

From 12pm we will be launching the new department Quality Accreditation Tool (dQAT).

## Morning session

- 8.30am** Visit corporate stalls on a range of patient safety issues. Falls prevention, Safeguarding, Sharing How We Care, Infection prevention and Control, Skin Integrity, Medicines Management, Sleep Helps Healing (Shh), QUIT, CQC.
- 9.00am** Think Kidneys – continuous improvement to prevent Acute Kidney Injury in Hospital. Following feedback across the Trust, the new fluid balance charts have been merged into one form with a simple design. This will be launched across DBTH today!
- 9.30am** Traffic Light Lids – how a simple visual tool can measure water intake at a glance.
- 10.00am** Coffee and a chance to visit corporate stalls.
- 10.30am** NEWS2 and eObservations.
- 11.15am** Medicine and Kidneys.
- 11.45am** Coffee and a chance to visit corporate stalls.

## Afternoon session

- 12.00pm** Launch of the department Quality Accreditation Tool (dQAT).
- 1.00pm** Close.
