## Joining the Library

To join the library, complete the registration form enclosed or available from the library or via the Intranet or Web pages and bring it to your Library and Learning Resource Centre with your student ID.

You may also apply for 24/7 access to use the libraries out of opening hours. Please ask library staff for an application form.

## Books and Journals

While on placement, you have access to all our books and journals, both in print and electronic formats. Use the library catalogue to check if we have the titles you need.

<http://dbth.nhslibraries.com>

You may borrow up to four books (for three weeks) and renew items (up to three times) in person, by phone, email or online, as long as they are not required by another reader. Reservations can be made for items on loan from our own stock.

Please make sure that you return all items on loan before you complete your placement.

You will need an OpenAthens account to enable you to use eBooks and eJournals. This is free, quick and easy to set up—see the section on OpenAthens.

# REMOTE ACCESS TO RESOURCES

## NHS OpenAthens and e-Resources

While you are on placement here, you can register for an NHS OpenAthens account. This will provide you with access to a wide-ranging collection of e-resources—e-Books, full-text eJournals, a selection of clinical and health information databases and much more.

You can self-register for an NHS OpenAthens account in four simple steps using the online registration form:

1. Log on to an NHS PC and go to <https://openathens.nice.org.uk>
2. Follow the on-screen instructions and complete the application form. Details of your registration will then be confirmed to you by email.
3. Open your email account and click on the activation link and you are registered.
4. Please make a note of your OpenAthens username and password:
