

This is to certify that

.....

will be engraved forever onto a heart for the Hearts for Doncaster COVID-19 memorial.

You have joined hundreds of people to honour the efforts of key workers, as well as providing a lasting memorial of those in our communities, who we lost to COVID-19, during the pandemic. Each and every heart will enable Doncaster and Bassetlaw Teaching Hospitals to continue going above and beyond, by reinvesting the funds raised in patient care and treatment.

After the storm
comes a rainbow
