Re: Your request made under the Freedom of Information Act 2000

I am looking for information about waiting times for adult eating disorders treatment.

As such, I would really appreciate answers to the following questions:

- 1) What is the Trust's target waiting time for adults who are urgently referred to eating disorder services to start treatment?
- 2) What is the Trust's target waiting time for adults who are routinely (i.e. non-urgently) referred to eating disorder services to start treatment?
- 3) How many adults were urgently referred to the Trust's eating disorder services in 2018/19?
- 4) How many adults were routinely (i.e. non-urgently) referred to the Trust's eating disorder services in 2018/19?
- 5) What was the average waiting time to start treatment for adults urgently referred to the Trust's eating disorder services in 2018/19?
- 6) What was the average waiting time to start treatment for adults routinely (i.e. non-urgently) referred to the Trust's eating disorder services in 2018/19?
- 7) How many adults urgently referred to the Trust's eating disorder services are currently waiting to start treatment?
- 8) How many adults routinely (i.e. non-urgently) referred to the Trust's eating disorder services are currently waiting to start treatment?

DBTH does not have an eating disorders service. People with eating disorders may be admitted if acutely unwell for medical treatment.
