Re: Your request made under the Freedom of Information Act 2000

I have the following national figure - amongst the five broad ethnic groups, known rates of detention for the 'Black or Black British' group (306.8 detentions per 100,000 population) were over four times those of the White group (72.9 per 100,000 population).

I'm looking at mental health and how it's treated at a local level. I would like to know the rate and percentage of detention, seclusion and diagnosis as psychosis for all BAME groups (including those mentioned below) compared to white patients for the Trust, in 2018/2019

White - English/Welsh/Scottish/Northern Irish/British

White - Irish

White - Other

Mixed - White & Black Caribbean

Mixed - White & Black African

Mixed - White & Asian

Any other mixed / multiple ethnic background

Asian / Asian British - Indian

Asian or Asian British - Pakistani

Asian or Asian British - Bangladeshi

Asian or Asian British - Any other background

Black / Black British - Caribbean

Black / Black British - African

Black / Black British - Other

Asian / Asian British - Chinese

Any other Ethnic Group

White - Gypsy or Irish Traveller

Arab

Please refer your request onto [RDASH](#) or [Nottinghamshire Healthcare](#) who commission the mental health service on behalf of the Trust.
