Re: Your request made under the Freedom of Information Act 2000

Between February 28th 2020 and November 30th 2020 how many deaths have there been DIRECTLY from Covid-19 virus

As of 26 January 2021, 709 deaths have been reported with COVID-19 having played a role. Going through each to see if COVID-19 was the sole factor in death, and what other conditions were at play, would require a manual audit of patient notes and would therefore exceed the s.12 timescale of the FOIA 2000.
