Re: Your request made under the Freedom of Information Act 2000

Hello Doncaster and Bassetlaw Teaching Hospitals NHS Foundation Trust,

Could you please provide answers to the following two questions about the usage of the drug Bevacizumab:

1) How many patients have been treated by your trust (for any medical condition) in the past 6 months with Bevacizumab?

< 5 patients

2) Please provide the number of patients treated in the past 6 months with Bevacizumab for the following conditions:

- Colorectal cancer
- Breast cancer
- Renal cell carcinoma
- Non-small cell lung cancer
- Ovarian cancer (epithelial, fallopian tube or primary peritoneal)
- Carcinoma of the cervix

Our pharmacy system doesn't store diagnosis data, so we're unable to determine this against the prescribed treatment. To ascertain this data, the Trust would need to perform an audit of each individual patient record, which wouldn't be achievable within the s.12 timescale of the Freedom of Information Act 2000.
