Re: Your request made under the Freedom of Information Act 2000

I would be most grateful if you would provide me, under the Freedom of Information Act, details in respect to the following questions;

1. How many instances of the Microsoft Windows 7 Operating System are currently in operation across your entire network? How many devices such as kiosks, lap tops etc are still running Windows 7?
- 2.

We are not obliged to provide information if its release would prejudice law enforcement. In this case, we believe that releasing detailed information relating to our Cyber Security measures creates a security risk and is likely to prejudice the prevention or detection of crime (section 31(1)(a)).

3. How many instances of the Microsoft Windows XP Operating System are currently in operation across your entire network ? How many devices such as kiosks, lap tops etc are still running Windows XP?
- 4.

We are not obliged to provide information if its release would prejudice law enforcement. In this case, we believe that releasing detailed information relating to our Cyber Security measures creates a security risk and is likely to prejudice the prevention or detection of crime (section 31(1)(a)).

3. Who is the officer responsible for maintaining and delivering legacy applications to all your users?
Thank you for your help.

Please define what you mean by 'legacy'.
