## **Re: Your request made under the Freedom of Information Act 2000**

Please can you provide the following information, requested under the Freedom of Information Act:

1. Does the NHS Trust contract a private security company to provide Security Officers to work onsite, or employ an 'in house' team of Security Officers, or both?

### **We employ Saba as a Trust.**

2. Please provide a copy of the most recent 'training needs analysis' conducted at the Trust for a Security Officer role or, explain why there isn't one.

### **Please contact Saba for this information.**

3. Do Security Officers have autonomy to remove people from the Trust's premises i.e. without seeking advice from clinical staff as to whether or not the person to be removed requires medical advice, treatment or care?

### **Patients are assessed by a clinician, and security called, or if necessary the police, if further support is required.**

4. Are Security Officer training deficiencies that are known to exist listed on the NHS Trust's Risk Register?

### **Training requirements form part of the Trust's contract with the company.**
