Re: Your request made under the Freedom of Information Act 2000

Please could you provide me with:

- a) The number of staff suicides in the trust in the following years: 2016, 2017, 2018, 2019, 2020, 2021 respectively
- b) The job roles of those at a), broken down by year
- c) Whether or not the trust has shared this information with other organisations, and if yes the names of those organisations
- d) Any policy documents relating to the recording staff suicides within the trust, including any policies around informing external bodies or organisations (for example but not limited to, central government or NHS bodies)

We do not hold this type of information on our systems. As a trust Suicide is not registered as a cause of death but instead by the injury or illness, therefore we do not have any records or numbers available.

If it is not possible to provide the information requested due to the information exceeding the cost of compliance limits identified in Section 12, please provide advice and assistance, under the Section 16 obligations of the Act, as to how I can refine my request.

If you can identify any ways that my request could be refined please provide further advice and assistance to indicate this.
