Re: Your request made under the Freedom of Information Act 2000

All the 150,000 people that died of covid in nearly 2 years there were 6,182 deaths FROM Covid (where covid was the CAUSE of death on death certificate)... out of those. Can you tell me out of the 1000 people that died at DRI how many of them were from covid?

In the last 2 years (between 01/03/2020 and 15/02/2021) we have had 746 deaths where Covid has been confirmed as the reason for death. However, we cannot confirm whether other health conditions had a contributing factor in the deaths or if it was due to Covid alone
