## Re: Your request made under the Freedom of Information Act 2000

Could you tell me how many people are in hospital with covid within 14 days of their first positive test. Could you also tell me how many have been vaccinated and how many have not been vaccinated?

We cannot say how many patients have or have not been vaccinated as we do not hold accurate data for that.

In regards to the number of patients currently in hospital with COVID19 within 14 days of their first positive test we have 44 patients in DRI and 23 patients in Bassetlaw
