**Re: Your request made under the Freedom of Information Act 2000**

1) How many patients who require a follow-up appointment (but are not captured in the RTT pathway) does your Trust have on its waiting list.

N.B If the figure you provide includes the number of patients on the public RTT pathway please clearly state this.

We don't have an accurate or validated list of patients to be able to answer the FOI question for a review list of non RTT patients.

To complete this work would require significant work by the services/divisions to validate which would exceed the amount of time stated in the FOI policy making this exempt under section 12
