Data fields from the DrPLCM report, as specified in table 1 (below). Please do not send patient IDs or cost data, as I appreciate this would compromise data privacy and commercial sensitivity.
(2) SACT Cancer report
An extract from the chemotherapy ePMA system showing patients treated by drug and diagnosis, as specified in table 2 (below).

Please find attached extracts from both the DrPLCM and SACT in response to the above FOI.

Please note that there are some blank fields in both files, for the DrPLCM most of the extract is complete and a direct copy from the file we submit to NHSE, the blank fields we did not complete as part of the submissions due to unavailability of the data. Again, for the SACT extract we were provided with a report from Chemocare which provided most of the data, all fields highlighted in yellow below were unavailable from our Chemocare system and the data isn't available for us to be able to derive the information so have been left blank.
