

## Re: Your request made under the Freedom of Information Act 2000

We are emailing to request information under the Freedom Of Information Act (2000). We are carrying out research into weight management for people affected by Severe Mental Illness.

We are asking for information about the Tier 3 and Tier 4 Weight Management Services you provide.

For the Tier 3 service, please could we see:

- A full copy of referral criteria for this service, including inclusion and exclusion criteria

For Doncaster: Referrals into the Service should only be accepted from other health care professionals such as General Practitioners.

Service Users must meet the following referral criteria;

- Be 18 years or over
- Have a BMI >35kg/m<sup>2</sup> with T2DM or obesity related co morbidities (significant disease) which may be amenable to treatment if obesity is modified by surgery. Significant disease could include, established cardiovascular disease, Type 2 diabetes, sleep apnoea, hypertension – medicated, history of transient ischaemic attacks or stroke, dyslipidaemia, medicated for acid reflux, IGT, osteoarthritis, PCOS
- BMI >40kg/m<sup>2</sup> without co morbidities
- Have expressed an interest in accessing bariatric surgery
- Service Users understand the requirements and commitment needed to participate in Tier 3
- Service Users must be registered with Doncaster GP or, if registered with a GP elsewhere, be resident in Doncaster.

Exclusion criteria

- Service Users must not have a known eating disorder
- Service Users must not be pregnant
- Have a BMI  $>35\text{kg/m}^2$  and Have a BMI  $>40\text{kg/m}^2$  with no significant disease

For Bassetlaw:

referrals into the Service should only be accepted from other health care professionals such as General Practitioners.

Service Users must meet the following referral criteria;

- Be 18 years or over
- Adults:
- Be 18 year or over
- BMI  $\geq 40$  without comorbidities
- BMI of  $\geq 35$  in the presence of significant health conditions and comorbidities
- BMI  $\geq 27.5$  for Asian (South Asian and Chinese), black African and African-Caribbean populations
- Understanding of the commitment required to participate in Tier 3
- Service Users understand the requirements and commitment needed to participate in Tier 3
- Service Users must be registered with a Bassetlaw CCG GP.

Exclusion criteria

- Service Users must not have a known eating disorder
- Service Users must not be pregnant

- How many referrals this service has received in each year since 2017

	Bassetlaw	DRI	Total
--	-----------	-----	-------

2017	x	504	504
2018	X	414	414
2019	93	459	552
2020	60	285	345
2021	148	548	696
2022	94	302	393

- How many of the patients referred have been treated with GLP1 agonists, for example liraglutide

**ZERO**

- How many of the patients who were a) referred to the service and b) treated with a GLP1 agonist,
- have a diagnosis of Severe Mental Illness. This information should be available from Hospital Episode Statistics if you do not hold it elsewhere. For the purposes of this study, we define serious mental illness by the ICD 10 codes below:

- - 
  - 
  - F20-29
  - 
  - 
  - 
  - F30-31
  - 
  - 
  - 
  - F32.3
  - 
  - 
  - 
  - F60-61
  -

- 
- 
- How many of the patients who were a) referred to the service and b) treated with a GLP1 agonist,
- have a diagnosis of Learning Disability? This information should be available from Hospital Episode Statistics if you do not hold it elsewhere. For the purposes of this study, we define serious mental illness by the ICD 10 codes F70-79

**Unable to obtain this data. This is a dietetic led service that would not be included in hospital episode statistics**

For the Tier 4 service, please could we see:

- A full copy of referral criteria for this service, including inclusion and exclusion criteria

**Must be referred through via tier 3 weight management teams following determined length of time within that service (12 months – unless pt has BMI>50 and then can be referred after 6 months)**

**To get into that service they will need**

**BMI > 40**

**BMI> 35 with obesity related co morbidity**

**Exclusion criteria but not exhaustive would be pregnancy, active substance abuse**

- How many referrals this service has received in each year since 2017
- 81.
- How many of the patients referred have been treated with a surgical procedure?

Month	2021-6	2021-7	2021-8	2021-9	2021-10	2021-11	2021-12	2022-1	2022-2
Total	9	13	7	5	10	6	0	1	5

2022-3	2022-4	2022-5	
7	4	14
