

Our Ref: 250/2022

JULY 2022

**Re: Your request made under the Freedom of Information Act 2000**

**Please can I request (under the FOIA 2000):**

Dear FOI Team,

We are currently updating data on your trust's IT systems.

1. Could you please provide responses to the following questions in relation to Imaging/  
Radiology within the Trust / Health Board. The name and email address of:

The Clinical Lead that is responsible for Imaging

The General Manager that is responsible for Imaging

The Service Manager that is responsible for Imaging

The Trusts available contact information is available here [STRUCTURE CHART](#)

2. Can you please forward responses to the questions below regarding your trust's LIMS,  
Oncology, and Clinical Noting systems.

Please enter 'No System Installed' or 'No Department' under supplier name if your trust does not use  
the system or have the department:

2A. System type – Laboratory Information Management System

Notes - e.g. we are currently out to tender

System definitions:

Laboratory Information Management System (LIMS) – Software that allows you to effectively manage pathology testing and reporting. By using a LIMS, your lab can automate workflows, integrate instruments, and manage samples and associated information.

Oncology – An Oncology Information Management solution supports the multidisciplinary teams involved in the care of patients with cancer.

Clinical Noting - A clinical noting documentation system that enables the electronic recording, storage and retrieval recording of patient medical records related to a patient's diagnosis and care during an inpatient hospital visit or encounter.
