

Our Ref: 413/2022

October 2022

**Re: Your request made under the Freedom of Information Act 2000**

Of those patients waiting longer than 12 hours from decision to admit to admission in A&E at your Trust, what was the longest wait over 12 hours between September 2021 and September 2022? If possible, please provide a reason for the delay.

**Response**

3897 Minutes (64.95 Hours)

Reason for Delay: Patient was a social admission and staff and Granddaughter were trying to find a suitable care home rather than having to be admitted which took longer.
