Re: Your request made under the Freedom of Information Act 2000

I would like to request a copy of all job descriptions for Estates Patient Environmental Assistant held by the trust and any evidence that the post has been assessed for banding under Agenda For Change.

The Patient Environment Assistant Job Description was assessed by the matching panel on 01 December 2017. The role was matched to the criteria for a Band 1. However, the role is no longer actively used by the Estates & Facilities department. All staff members employed as Band 1 Patient Environment Assistants were transferred to Maintenance Assistant (Patient Environment) roles and Job Descriptions on 01 April 2019 as part of a project to phase out Band 1 job roles
