Re: Your request made under the Freedom of Information Act 2000

Hello. I have an FOI request relating to your provision of:
- First aid training
- Life support/CPR training
- Resuscitation/defibrillator training

I have tried to make it as simple as possible, so have put into a table format, and I've attached a copy of it in a spreadsheet if that is more convenient.

staff are not required to undertake first aid training due to the fact that we are in a clinical setting, staff would summon further assistance via dialling 2222 or 999 and manage the situation according to their professional training.
