Re: Your request made under the Freedom of Information Act 2000

1. What mobile software does your Trust use for:
    a. Communication
    b. Chats
    c. Sending and receiving photos

• Outlook and Teams (eMails and chat as part of N365)
• NerveCentre (photo storage for medical inpatients)
• IEP (inter-organisational image transfer)
• Visbion (photo storage for medical imaging)
• WhatsApp (messaging for none PID only)
• GoodSam (first responder / ED)

2. How much was invested in the software?

Unable to disaggregate costs for these specific services are they are part of a wider software application.
