Re: Your request made under the Freedom of Information Act 2000

Specifically I would like information regarding work on organ transplantation.

Please provide me with the details of collaborations with Chinese hospitals or universities on transplant medicine, research and training.

Please provide this information covering the dates 1/8/2018 to 1/8/2023.

In providing this information please give the start and end dates of any collaborations, the nature of the collaboration (for example doctor exchange, research projects).

We do not have any research studies running with collaborations with Chinese hospitals or universities, relating to organ transplant medicine.
