Re: Your request made under the Freedom of Information Act 2000

Could you please confirm if your hospital offers training opportunities for F1 and F2 doctors? If so, I would greatly appreciate it if you could kindly provide me information on how many F1's and F2's you take on each year.

I can confirm we offer a significant amount of training for all our F1's & F2's doctors which includes weekly protected time training time, that not only meets the core curriculum requirements but offers many other specialist sessions supported by many of our consultants.

2023 numbers:

- F1 – 37
- F2 – 41

From this year, we will also be supporting 8 specialist foundation posts at F2 who will all be doing a four month rotation in medical education
