

Re: Your request made under the Freedom of Information Act 2000

Under the Freedom of Information Act 2000, please can you provide me with information on mouth cancer at your trust.

The number of cases of mouth cancer diagnosed at your Trust in each of the calendar years a) 2023, b) 2022, c) 2021, d) 2020, e) 2019

The below figures are for patients who we first saw at the trust for a Mouth Cancer diagnosis. This does not mean DBTH initially diagnosed the patient as this may have happened elsewhere, but this is when we at the trust first treated the patient as an inpatient and mouth cancer was noted as a diagnosis. Any patient who was treated for Mouth Cancer between 2019 and 2023 but had already been seen by DBTH as an inpatient prior to 2019 for Mouth Cancer has been excluded.

2019 21
2020 10
2021 33
2022 33
2023 32

The number of cases of mouth cancer in those under 18 diagnosed at your Trust in each of the calendar years a) 2023, b) 2022, c) 2021, d) 2020, e) 2019

We did not have any patients under the age of 18 in the last 5 years that received inpatient care for Mouth Cancer.

The one year survival rate for mouth cancer at your NHS Trust in each of the calendar years a) 2023, b) 2022, c) 2021, d) 2020, e) 2019

The five year survival rate for mouth cancer at your NHS Trust in each of the calendar years a) 2023, b) 2022, c) 2021, d) 2020, e) 2019

The one year survival rate for mouth cancer in those under 18 at your NHS Trust in each of the calendar years a) 2023, b) 2022, c) 2021, d) 2020, e) 2019

The five year survival rate for mouth cancer in those under 18 at your NHS Trust in each of the calendar years a) 2023, b) 2022, c) 2021, d) 2020, e) 2019
