Our Ref: 169/2024 February 2024

## Re: Your request made under the Freedom of Information Act 2000

I'd like to request the number of procedures performed in 2023 at the Trust for the codes below, ideally per individual site. Could you please provide via email?

M09.3 Endoscopic laser fragmentation of calculus of kidney

M09.4 Endoscopic extraction of calculus of kidney NEC

Includes: Percutaneous nephrolithotomy NEC

M27.1 Ureteroscopic laser fragmentation of calculus of ureter

M27.2 Ureteroscopic fragmentation of calculus of ureter NEC

M27.3 Ureteroscopic extraction of calculus of ureter

M27.4 Ureteroscopic insertion of ureteric stent

M65.4 Endoscopic resection of prostate using laser

As well as Q181, Q188 and Q189

The below table shows the number of procedures performed as requested in the FOI. A patient may receive more than one procedure during a spell, so in cases like this patients will be double counted. However, as the FOI request only asks for the number of procedures, this is what has been provided.
