

## Freedom of Information Act Request

Under the Freedom of Information Act, I would like to request the following information:

What is the number of A&E attendances that are related to eye problems annually, where the patient had a presenting complaint mentioning the word 'eye'?

Do you have data for the past 5 years? If so, please can you provide? (to review any trends)

Do you collate any data on the outcomes of the of these A&E attendances, if so, could you share them?

**The below figures are the number of A&E attendances we had within the trust where either the complaint or chief complaint is related to the "eye". Where figures are less than 5, these have been blanked out for confidentiality reasons.**
