

Freedom of Information Act Request

I am writing to request information under the Freedom of Information Act 2000.

Q1. How many patients were treated in the last 3 months by the Dermatology department (for any medical condition) with the following biologic drugs:

- Adalimumab – Humira - #
- Adalimumab Biosimilar - 53
- Apremilast - 32
- Bimekizumab - #
- Brodalumab - 7
- Certolizumab - #
- Deucravacitinib - 0
- Dimethyl fumarate - 0
- Etanercept – Enbrel - 0
- Etanercept Biosimilar - 0
- Guselkumab - 46
- Infliximab – Remicade - 0
- Infliximab Biosimilar - 0
- Ixekizumab - 6
- Risankizumab - 10
- Secukinumab - 40
- Tildrakizumab - #
- Ustekinumab – Stelara - 0
- Ustekinumab Biosimilar - 16
- Omalizumab - 0
- Spesolimab – 0

In line with the Trust's approach to protecting personal data, where the number of individuals is fewer than five, figures have been replaced with #. This is to reduce the risk of individuals being identified, either directly or indirectly, when the information is combined with other data that may already be in the public domain.

This approach is consistent with the principles of the UK General Data Protection Regulation and the Data Protection Act 2018.

Q2. How many patients were treated in the last 3 months by the Dermatology department for HS (Hidradenitis Suppurativa) ONLY with the following:

- Adalimumab - Humira
- Adalimumab Biosimilar
- Bimekizumab
- Certolizumab
- Infliximab - Remicade

Our Ref: 4
January 2026

- Infliximab Biosimilar
- Secukinumab
- Ustekinumab - Stelara
- Ustekinumab Biosimilar

DBTH holds the information on the subject you have requested. However, I advise you that we will not be able to answer your request without exceeding the appropriate limit. This is because our pharmacy system doesn't store diagnosis data, so we're unable to determine this against the prescribed treatment. To ascertain this data, the Trust would need to perform an audit of each individual patient record, which wouldn't be achievable within the s.12 timescale of the Freedom of Information Act 2000.

. Section 12 of the Act makes provision for public authorities to refuse requests for information where the cost of dealing with them would exceed the appropriate limit, We have estimated that it would take more than 18 hours to carry out a manual search to locate, retrieve, and extract all the information you have requested. In this situation the associated cost would therefore exceed the appropriate fee limit of £450 set out under Freedom of Information & Data Protection (Appropriate Limit and Fees) Regulations 2007.

The fee limit specified in regulations for NHS trusts represents the cost of one person spending 2½ working days at a rate of £25 per hour determining whether the Trust holds the information sought and then locating, retrieving and extracting that information.

If you are not satisfied with the handling of your request, you have the right to request an internal review. Requests for an internal review should be submitted within 40 working days from the date of this response, and should be addressed to d.wraith@nhs.net.

If you remain dissatisfied after the internal review, you have the right to appeal to the Information Commissioner's Office (ICO). The ICO can be contacted at:

Information Commissioner's Office
Wycliffe House
Water Lane
Wilmslow
