- Any off framework spend? If so please include speciality and grade.

No off framework spend

- A list of all service or general managers at the trust including the department they cover

We have attached a copy of the Trust's staff structure chart, which sets out the names, roles and areas of responsibility of senior staff where this information is routinely made available.

Information withheld – Section 40(2) (Personal data)

Any further information falling within the scope of your request is exempt under section 40(2) of the Freedom of Information Act 2000, as it constitutes personal data.

This exemption applies because:

- The Trust does not publish a comprehensive list of all service or general managers
- Disclosure would involve releasing personal data of staff whose roles do not routinely require their details to be placed in the public domain
- Disclosure would be unfair and not transparent under the UK General Data Protection Regulation and the Data Protection Act 2018

Section 40(2) is an absolute exemption and is therefore not subject to the public interest test.

Summary

- The Trust has provided the information that is publicly available via the attached structure chart
- All other information requested is exempt under section 40(2) – personal data

The provision of these contact details **does not imply consent for unsolicited correspondence on your part**. As per Section 122 of the Data Protection Act 2018, **permission is not given** to use these details for unsolicited contact. Right to prevent processing for purposes of direct marketing.
