

Freedom of Information Act Request

I am writing to request information under the Freedom of Information Act 2000.

How many patients at Doncaster and Bassetlaw Teaching Hospitals have been coded with the following ICD-10 diagnoses (G12.0, G12.1, G12.8 and G12.9) within the time periods

- A. The last 12 months? (or the latest 12 months of data you have available)
- B. The last 5 years?

The number of patients admitted with the specified ICD-10 codes (G12.0, G12.1, G12.8 and G12.9) during the most recent 12-month period is fewer than five.

In line with the Trust's disclosure control approach and to reduce the risk of identification of individuals from very small numbers, we are unable to provide a specific figure for this period.

Last 5 years

Over the last five years, 10 patients were admitted to the Trust with one of the specified ICD-10 codes (G12.0, G12.1, G12.8 or G12.9).

Clarification

- These figures relate to admitted patient activity only.
- Counts are based on ICD-10 diagnostic coding recorded during inpatient episodes.
- Small numbers are suppressed where disclosure could lead to the identification of individuals.

If you are not satisfied with the handling of your request, you have the right to request an internal review. Requests for an internal review should be submitted within 40 working days from the date of this response, and should be addressed to d.wraith@nhs.net.

If you remain dissatisfied after the internal review, you have the right to appeal to the Information Commissioner's Office (ICO). The ICO can be contacted at:
